Assumptions applied to amendments:

SB 1916 – HB 1420

- Pursuant to Tenn. Code Ann. § 4-3-1011, all regulatory boards are required to be self-supporting over a two-year period. As of June 30, 2009, the Board had a positive balance of \$16,096.37.
- According to the Department of Commerce and Insurance, the Board of Examiners of Land Surveyors will require one position for the processing of applications, issuance of licenses, confirmation of initial and continuing education requirements, and compliance inspections. The one-time increase in expenditures is estimated to be \$14,000 (\$1,000 computer costs + \$2,000 office landscaping + \$5,000 computer programming modifications + \$1,000 for modifications + \$5,000 rule making hearing).
- The recurring increase in state expenditures is estimated to be \$68,882 (\$37,300 salary + \$12,682 benefits + \$14,200 administration + \$1,700 office lease + \$1,000 communication and supplies + \$2,000 network and computer replacement fees). Given the January 1, 2011, start date of the bill, the increase in expenditures for FY10-11 is estimated at 50 percent or \$34,441.
- Total increase in state expenditures for FY10-11 is \$48,441 (\$34,441 personnel costs + \$14,000 one-time costs). Total recurring increase in state expenditures for FY11-12 and subsequent years is \$68,882 for personnel and supply costs.
- Fees will be established by the Board of Examiners of Land Surveyors to cover all expenditures. In order to cover all expenditures for FY10-11, fees will need to be established at an amount sufficient to cover expenditures for FY10-11 and FY11-12 as the fees are payable every two years. Total revenue necessary for FY10-11 and FY11-12 equals \$117,323 (\$14,000 one-time costs + \$34,441 FY10-11 personnel costs + \$68,882 FY11-12 personnel costs). Total revenue necessary for FY12-13 and biennially thereafter is \$137,764 (\$68,882 x 2 years).
- A small increase in cases in the court system, which will result in additional state and local government expenditures for processing the cases and additional state and local government revenue from fees, taxes and costs collected. These expenditures and revenue are estimated to be not significant.
